# GUESS

**GUESS TWSXHM Wireless Earphones**

## Specifications

- Wireless Headphones
- Model: 456%\*026-\*5:406/%

## Product Information

The Wireless Headphones provide high-quality sound and a comfortable fit for extended use. They feature advanced noise-cancellation technology and a long-lasting battery.

## Usage Instructions

### • Turning On/Off

To turn on the headphones, press and hold the power button until you see the indicator light. To turn off, repeat the same process.

### • Pairing with a Device

Activate Bluetooth on your device, then search for available devices and select the headphones to pair. Follow on-screen instructions if prompted for a pin.

### • Charging

Connect the headphones to a power source using the provided charging cable. The indicator light will show charging status.

## FAQ

### • Q: How long does the battery last?

A: The battery can last up to 12 hours on a full charge, depending on usage.

### • Q: How do I reset the headphones?

A: To reset the headphones, press and hold the power button and volume up button simultaneously for 10 seconds.

### • Q: Can I use the headphones while exercising?

A: Yes, the headphones are sweat-resistant and suitable for exercise activities.

#### Precautions:

1. Please be gentle when using this headphone. The maximum tolerance of the button is 250g. Excessive force will damage buttons.
2. Please align the USB port when plugging or pulling the USB cable in order to avoid damage to the USB cable and fail to charge the headset.
3. If you do not use the headset for long periods, please turn off the headset and be sure to store it in a dry place, free from extreme temperature conditions and dust.
4. Please do not vibrate or shock the headset violently, and do not let it fall down from high place.

#### Safety warnings

- Do not place any naked flame sources, such as lighted candles. Dispose of batteries responsibly and be aware of the environmental effects of battery disposal.
- Do not expose the batteries (batteries installed) to excessive heat, such as fire or the like.

#### Warning

- To prevent possible hearing damage, do not listen at high volume levels for long periods.
- For your own safety, please be aware of your surroundings when using these headphones.

-  The symbol indicates DC Voltage

## FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

- If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Designed in France. Made in China.

**WARNING:** This product can expose you to chemicals including Lead and Bisphenol A(BPA), which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to
